WAIANAE CRUISE SATURDAY WEEK

Members of Yacht Club Invited to Join in Smooth Water Cruise.

The regatta committee of the Hawaii yacht club has arranged a special excursion for Saturday and Sunday, August 14 and 15, to Waianae. The yacht Hawaii will take part in this excursion as will all of the other large yachts.

Those who wish to go on this trip, which will be purely a cruise and in smooth water all the way, should notify the secretary of the Hawaii yacht club, tax office, as soon as possible.

The yacht Hawaii will carry about twenty and the other yachts can accommodate as many more. Those who wish to take part in the trip will be assigned to the different yachts as their names come in. In each case the expense will be merely a pro rata assessment for grub and other expenses. Those who go on the Hawaii will not be assessed for use of the yacht as this is an official trip.

Commodore Wilder stated yesterday afternoon very positively that, if people would only take the trouble to turn in their names early, it would save all kinds of trouble. People have a habit of waiting till the last minute and then howling because they cannot get aboard.

The cruise will be a very delightful one. There is a good anchorage off Waianae, where the yachts will drop their hooks and lie all night on Saturday. On Sunday the return trip will be made. All the way from Honolulu to Waianae there is practically still water and the most squeamish land-lubber need have no fear of that dread mal de mer.

The cruise will start in the middle of the afternoon. The Hawaii will be at the foot of Fort street, the Kamehameha at the end of the Inter-Island coal bunker wharf and the Gladys and Charlotte C. off the Myrtle boat club. There will be no special time for the start of the cruise as some boats may want to go earlier than others. The exact sailing times of each yacht will be published in good time, so that those who are assigned to them may know just when to be there. The Hawaii will probably start about 3:30 or earlier, while the sloops, in order to accommodate those who cannot get away from business that early, will leave about sundown.

It is specially requested that everybody who intends going, no matter whether they are members of an invited party aboard any of the yachts, notify the secretary of the club.

In addition to the yachts already named it is probable that the old Hawaii, the Helene and the Spray will take part in the cruise. Every one of the members of the yacht club is more than welcome to go along and all that the committee in charge wants is that people shall take the trouble to put their names on a postal card and send it to the secretary, so that they may know how many are going and arrange accordingly.

PROPER TREATMENT FOR DYSENTERY AND DIARRHOEA.

The great mortality from dysentery and diarrhoea is due to a lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine, and when given in reasonable time will prevent any dangerous consequences. For sale by all dealers, Benson, Smith & Co., Ltd., agents for Hawaii.

Big League News

The suggestions which appeared in yesterday's Advertiser met with universal approval from the fans. The sentiment seemed to be that this paper had hit on a proper solution to the present difficulty and there are signs that action will be taken accordingly.

Nothing definite has been decided but it is practically certain that the Oahu League will allow its players to take part in the coming big league series. There will be a meeting of the Riverside League tomorrow at noon and this question will be taken up and acted on.

Saturday's Teams.

In the meantime the teams scheduled to play next Saturday are practising hard and will surely put up a good game. Note some junior leaguers in the following lineups: Punahou—McCorriston, c; Johnny Williams, p; A. Q. Marcellino, 1b; Hoogs, 2b; Henderson, 3b; Medcraft, ss; Clarence Cooke, lf; Jack Kia, cf; John Waterhouse, rf.

Diamond Heads—Jim Winne, c; Leslie, p; Eddie Fernandez, 1b; Gink Davis, 2b; Sam Chillingworth, 3b;

Henry Chillingworth, ss; Antone Louis, lf; Joe Fernandez, cf; Heine Williams, malihini good one, cf; Ginger Mayne, sometimes known as "Gingersnap", on account of his snappy method of getting the long high ones, rf.

Saints to Meet.

The Saints will meet at Dreier hall tonight to discuss the situation and get together generally. All the sanctified ones are particularly requested to be there and make a noise like live ones; 7:30 p. m. pronto.

Eddie With Tickets.

Eddie Fernandez is on hand at Ganst's cigar store every day from 11 till 1 o'clock with a big plan of the grandstand and a bunch of tickets. He is doing a land office business with season tickets for the twelve games at \$4 for reserved seats and \$2.50 for general admission.

Managers Will Meet.

There will be a general getting-together of the managers today to see if it cannot be arranged for the junior league to supply new players for the big league. It is expected that everything will be arranged satisfactorily.

Steele and G. R. Hemenway; A. R. Cunha and W. L. Warren; R. A. Cooke and F. C. Atherton; Captain Low and D. W. Anderson; John Waterhouse and C. G. Bockus.

The names have been sent over to Maui and the committee in charge will make the drawings there. As soon as the drawings are made the names of the doubles against which our men have to play will be sent here and accordingly published.

EWA VS. WAIANAE NEXT SUNDAY

The next big attraction at the Athletic Park will be the championship game of the Plantation league next Sunday morning, beginning at 9:30. Both teams have an equal percentage in the recent series and in the championship series of best two out of three, they have each won a game.

Both Ewa and Waianae are very confident of victory. They will both empty themselves into Honolulu on Saturday night and Sunday morning, and there will be large doings when the two teams get together.

With the Waianae team will come the famous Waianae band. This band is composed of more than twenty of the most accomplished musicians from that part of the island and it will be a treat for the fans to hear them.

The management of the park has by no means quit making improvements. Every Sunday new ideas suggest themselves and the carpenters are at once put to work to carry them out. The first base bleachers are going to be provided with a central aisle and steps, which will make it much more convenient for the fans and there will be another big improvement from the players' point of view.

Up till now the players, when going on or off the field to or from their dressing rooms have been obliged to pass through a gateway that is always crowded with standing fans. To obviate this there will be a door put directly under the seer's box, through which players can pass without elbowing their way through a mass of spectators.

The park people hope to have their moving picture show in working order some time next week. The electric company has tentatively promised juice by Saturday and, if that is the case, the machine will be in working order by early in the week.

CORDELL HAS FINE RECORD

Sullivan Will Have to Train Hard if He Is to Beat Malihini.

By Cassius Griffith.

To see two trained athletes and clever boxers who are as well matched as are Jack Cordell and Dick Sullivan come together in the prize ring, is something that will cause the hearts of sportsmen to beat with more than ordinary excitement and interest. The interest especially in Honolulu in the contests of these two smart young fighters has been doubled as their unassuming and very pleasing manners have won for them a host of friends in every class and those who show a great deal of sympathy over and above the prize fight interest of punishment. The two former fights have somewhat educated the Honolulu sporting public up to getting more satisfaction from a bout of cleverness and headwork, in which tension is taut from beginning to end and where the boxers watch for an opportunity or opening for victory with the intuition of a hawk awaiting his prey.

There are not so many, perhaps, in Honolulu who know the fighting record of these two men who on two occasions have contested for the championship of the Hawaiian Islands but to a larger community, to the great sporting public of all America they are down in the chronicles as fighters with a record and whose contests are regarded with much interest.

Cordell, who has come down from the Coast with ten years of ring experience in his behalf, to attempt to wrest from the unsold champion, his middleweight title, comes with a record of having beaten some of the top-notchers who are mentioned in the class of Gans, Britt and Young Corbett. That he is clever and classy has long before been proven. For two years, against such men as Fred Sanders, Paul Martin and Jack Kane he held the titles of featherweight and lightweight champion of the Coast. The whirlwind Kane, who fought Young Corbett to a draw, was beaten by Cordell in the latter's first professional encounter. In his second attempt at the game Cordell beat tough Charlie Sieger, the man who went twenty rounds with James Edward Britt, the iron jawed, San Francisco's pride.

Cordell arose high in the estimation of the sporting world, however, when in five rounds he beat the Mexican champion Herrera. Herrera, who went fourteen rounds with Joe Gans, and who has the record of being the only man who ever put Battling Nelson on the mat for nine seconds.

Again, Cordell rose to glory when he defeated Eddie Santry who was featherweight champion of the world and who beat the English champion Ben Jordan. Santry went down to defeat before Cordell in ten rounds. Since then Cordell has defeated Jack Dougherty, a hitherto undefeated boxer of northern California in three separate contests. The records of these fistie battles show that Cordell met and defeated his men fairly and squarely and is due the credit.

With the reputation that Cordell has succeeded in making for himself in his years of fighting and the scalps he has taken, it would seem that he would not journey to Hawaii unless he meant to meet a man worthy of his mettle. That Cordell knows that Sullivan is of the champion class is shown in his methods of training and fighting. After having two fifteen-round draws he should be able to know his opponent pretty well. He has carefully studied

NEW MID-SUMMER MILLINERY

AT **MISS POWER'S** MILLINERY PARLORS, Boston Building, Fort Street.

Sullivan and, if he is the man to carry away the title that has twice been successfully defended, it is his earnest intention to do so.

Aside from the record that Cordell now has it will mean a tall feather in his cap if he can carry away the championship belt of Hawaii. If he should succeed in beating Sullivan it will mean big prize money for him in the States with the best in his class. He could not afford to throw away an opportunity of this kind. The Coast fighters and sports are well aware of the class in which Dick belongs.

Cordell is a seasoned boxer who well knows the methods of training that will do him the most good. For the past week he has rested up. For two weeks now he will enter systematic training, take off the superfluous flesh and be in the pink of condition when the day of the fight arrives. At three o'clock in the afternoon on the day of the fight the two men will weigh in at Mr. Scully's at 156 pounds and when they step in the ring, they will be there to show Honolulu one of the fights that only two such men can put up and probably one such as has not been seen for many a day.

The two fighters are friends and speak very highly of each other, each knowing well the other's capabilities, but in their profession they go in to gain new laurels or go down to defeat, and the best man will win.

It may be some time before Honolulu will have an opportunity to witness such a struggle as the coming one promises to be and the extra five rounds should this time prove which of the two is the better man.

GEE WILL PLAY IN THE FINALS

By cool work and steady returns, Gee handed it to Captain Low, the crack Marine tennis player, at the Beretania courts yesterday afternoon. By winning this match Gee will be one of the contestants to play in the finals tomorrow afternoon and his opponent will be named this afternoon after F. L. Sinclair has played A. L. Lowrey.

Yesterday afternoon's results were—Gee beat Low, 6-2, 7-5, 6-3. F. L. Sinclair beat C. G. Bockus, 6-2, 6-4. This afternoon Sinclair will play A. L. Lowrey three out of five to see who will meet Gee in the finals. In the Wall cup tournament both the semifinals and the finals are three out of five. The game will start about 4 p. m.

It is hard to say whether Lowrey will manage to hand it out to Sinclair, as the former allows the latter the large amount of full fifteen. But it is certain to be a hard match and, should Lowrey win out, there will be one grand match on even terms when he and Gee meet tomorrow afternoon.

Yesterday's game between Low and Gee brought out some of the clearest and most scientific tennis ever seen here. Gee won by pure coolness and, perhaps, some wrist work. This comparative malihini has a return twist that is a wonder. With one slight turn of the racket he can send to any part of the court he sees fit and Capt. Low, with a trifle of an off-day, could not manage to be all over the court at once.

While taking nothing from the reputation which the athletic "Captain of Marines" has earned here, the match added greatly to that of the assistant to the paymaster, "Gee Whiz," as he is known to his intimates, has made himself as much admired as a tennis player as he has made friends by his jolly manner and perfect genius for accompanying on the piano. Tomorrow afternoon he will be out to play that grand old song, "I love my work, but oh you tennis ball."
